T635 HOTEL LUXURY – EVERGREEN

MATTRESS:

- TYPE:** Pillow Top – No Flip Design
- STEEL INNERSPRING:** 650 Coils (queen size basis)
14.5 gauge coils; Reciprocoil*
open end coil design with head to toe
helical construction. Wire is recycled
high carbon steel recycled from
railroad rails and automobile frames.
- INSULATION:** 2 oz. polyester pads placed on each
side of the innerspring unit
- FOAM ENCASUREMENT:** The innerspring unit is placed in a soy
based foam called “Preserve” and poly
urethane foam enclosure. The soy
based foam is used to help eliminate
petroleum based foam. Petroleum still
exists in the foam, however the amount
is reduced when use with “Preserve”.
The side and end rails are made with
1.8 lb density foam with 65-70 I.L.D
Rating.
The bottom layer is 1.35 Density foam
with 36 I.L.D. Rating

SECONDARY CUSHIONING: .5” – 1.50 lb density foam with a 22 I.L.D rating and a 1.75” convoluted foam, 1.8 lb density with a 24 I.L.D. rating are placed on top of the spring unit and secured to the side and head rails.

QUILT PACKAGE: This starts with 2” of 1.50 lb density foam with 15 I.L.D rating quilting grade foam. A layer of .75 oz fire retardant fiber is quilted to a tan damask cover with a “Tack and Jump pattern”. The quilted panel is called “EcoSense”, relatively new product made recycled polyester fiber and plastic water bottles.

BORDER TREATMENT: Fire retardant fiber is quilted to the matching tan damask cover.

TAPE EDGE: The taping of the top & bottom edge of the mattress is done with an “Aram ID” type thread to complete the fire retardant process for the unit.

LABEL: Custom Eco-Collection Evergreen label

Height – 12”

FOUNDATION:

STEEL UNIT:	High profile modular steel foundation – 9.5 gauge modules with – 3 gauge border rod. The wood used in boxspring comes from regenerated sustainable wood forests (certified Canadian) grown for the purpose of harvest.
INSULATOR:	2 oz. polyester pad
FELT:	4.5 pound garneted cotton (queen size)
DECK:	Non skid deck
BORDER:	Waterfall style to match mattress. Quilted with fire retardant fiber.
